# CLERK OF THE CIRCUIT COURT AND COMPTROLLER <br> LAKE COUNTY, FLORIDA <br> Semi-Annual Investment Report <br> June 30, 2021 

## I. INTRODUCTION

In accordance with the investment ordinance originally adopted July 19, 2005, and amended December 28, 2015, an investment report is submitted to the Board of County Commissioners semi-annually.

## II. INVESTMENT OBJECTIVES

To ensure that excess funds of the Board of County Commissioners are invested in a manner to maximize yield and at the same time minimize risk, maintain liquidity and demonstrate legal compliance.
III. CASH AND INVESTMENT BALANCES AT JUNE 30, 2021

Cash and investments held by the County consist of: a checking account, savings accounts, and the Florida Government Investment Trust Fund (FLGIT); these investments are authorized in the investment ordinance. Our checking account and savings accounts are considered qualified public deposits, thus, are collateralized in accordance with state statutes. If the qualified public depository should fail, other participating banks would be required to pay the County for any loss that may have been incurred.

Funds invested include excess operating funds. At June 30, 2021, cash and investments amounted to $\$ 213,251,932$ compared to $\$ 202,309,111$ and $\$ 149,683,005$ at December 31, 2020 and June 30, 2020, respectively. A detail listing of these balances and the current yield is attached as Exhibit A.

## IV. MATURITY DISTRIBUTION OF PORTFOLIO

Exhibit B demonstrates the maturity distribution of cash and investments held at June 30, 2021. This graph indicates that about $94 \%$ of our cash is invested in securities maturing within six months. The weighted average maturity of the portfolio at June 30, 2021 is 41 days or .11 years (Exhibit C). Our investment ordinance requires a weighted average maturity of less than two years and we are in compliance.
