	<u>CITIZEN QUESTION AND COMMENT PERIOD</u> Mr. Steven Imhof, a resident of Eustis, expressed concerns regarding the	

	<p>Lake County Spay/Neuter Rebate Program. He stated that he had collected stray cats in his neighborhood and paid to have them spayed and neutered at his own expense; however, when he applied for the rebate, he was denied because his driver's license had a post office box as the address. He added that the denial letter he received did not show who sent the letter and therefore he did not know who to contact regarding the denial decision. He commented that when he brought his rebate application directly to the County and was asked for identification, he gave them his driver license but no one told him at that time that the post office box was not an adequate address otherwise he would have presented another form of identification. He concluded that the overall process for getting rebates was not adequate, especially with the large overpopulation of cats in the county, that there should be names on letters sent by the County to show accountability and that a driver's license should not be discredited just because it has a post office box as the address.</p>

He reported that the Lake County Animal Shelter, located at 28123 C.R. 561, Tavares, Florida, would be hosting a disco themed adoption event on Saturday, January 20, 2018 from 11:00 am to 5:00 pm and that L.E.A.S.H., Inc. would be sponsoring free adoptions that day at the event. FOR YOUR INFORMATION	Commr. Campione expressed concern that Lake County did not have shelters for the homeless population during the recent extreme cold weather. She shared that many had reached out to her regarding ways to help people find shelters and that even local churches did not have shelters. She reiterated her previous desire to organize a group to discuss this issue and to look at what existing programs were in place to assist the homeless and ways that Lake County could be a leader in addressing this need. She remarked that this issue was both a humanitarian one and one that affects the community and that it can be complicated because some homeless individuals want the help but some do not.	CAMPIONE
FOR YOUR INFORMATION	Commr. Campione reported that she went to the Central Florida Expressway Authority (CFX) meeting to talk about making the temporary interchange at C.R. 435 and the Wekiva Parkway permanent. She said that	CAMPIONE

	<p>she got the impression that those at the meeting thought this was about having an interchange for convenience and missed the point that the Mt. Plymouth community would be changed due to all the extra traffic. She commented that it did not seem like they were receptive to building a permanent interchange; however, she felt that continuing to ask for assistance from FDOT to put in traffic calming measures in that area was important. She added that the cost of these calming measures should be a part of the Wekiva Parkway expense since it was a part of the overall system.</p> <p>Approval for staff to draft a letter to CFX and FDOT making a formal request from the Board of County Commissioners, with the Chairman’s signature, for resources to be allocated for traffic calming measures in the Mt.
